

POSITION: International P&C Actuary

LOCATION: Paris, France

DESCRIPTION OF THE POSITION

Our client is looking for an International P&C Actuary who will be responsible for the following tasks :

Reserving

- Manage the quarterly IFRS reserves process end-to-end for assigned European business units
- Understand and analyse the quality of the data in terms of coherency, completeness and consistency
- Analyse quarterly IFRS reserves to determine the appropriate IBNR level for run-off and new businesses,
- Engage with local business units to present the corporate actuarial view on reserving
- Proactively manage relationship with local finance departments
- Contribute to harmonise and maintain the IFRS and Solvency II related actuarial methods, assumptions and calibration across all business units and lines of businesses

Projects

- Engage with underwriting departments and develop as a subject matter expert on pricing/underwriting from a corporate actuarial view perspective
- Contribute to the project aiming at implementing the IFRS 17 standards for assigned business
- Contribute to the design, implementation and testing of a new data repository

Processes and Controls

- Responsible for the design, implementation and timely execution of internal controls applicable to the reserving process both for IFRS and Solvency II
- Engage with the internal control department to provide relevant information and raise concerns or issues to the Actuarial Corporate Director

Documentation

- Design and implement the documentation repository of the department
- Draft assigned documentation related to technical methodologies or functional processes

PROFILE

- Professional experience of at least 3 years in P&C actuarial or risk management activities (consultancy/audit experience is considered an asset)
- Full qualification in a recognized actuarial association
- Strong expertise in actuarial software and tools (SAS or ResQ is considered an asset)
- Strong drafting and communication skills
- Good project and stakeholders management skills
- Ability to influence a wide range of stakeholders
- Proactive behavior, and team spirit
- Good spoken and written English
