

POSITION: Qualitative Risk Officer
LOCATION: Wallonia, Belgium

DESCRIPTION OF THE POSITION

Our client, an insurance company, is looking for a Qualitative Risk Officer who will be responsible for identifying, measuring, assessing and reporting all types of risks to which the company may be exposed.

The future Qualitative Risk Officer will have the following tasks:

- Contributing in developing an effective risk management system that includes strategies, policies, processes and information procedures,
- Identifying, measuring and assessing the whole set of risks to which the company is exposed in order to make a correct risk estimate,
- Setting up a reporting system and taking action in order to maintain risks within the limits of tolerance, as defined by the Board of Directors,
- Tracking, monitoring and reporting risks,
- Informing about risks exposure in a timely manner,
- Following progress and changes relating to risk management.

PROFILE

- Hold a master's degree in mathematics, management engineering or similar,
- At least 3 years of experience in the insurance sector or in a similar position,
- Excellent analytical and synthesis skills,
- Ability to understand complex issues,
- Excellent communication skills,
- Organisation and planning skills,
- Rigorous,
- Flexible,
- Team spirit,
- Ability to work independently,
- Perfect command of French and fluency in English.
